

## **GOLF**

We play for the Lindsey Cup each year in early September, a silver trophy presented by a Dr Lindsey in 1933. 2 years out of 3 we play at Willesley Park in Ashby and every 3rd year we play away with an overnight stay. This year on the 4th and 5th September we played Hawkstone Park, the Hawkstone and Championship courses. The Cup was won by Sir Andrew Goddard (aka Bod), 2 associated competitions were for the Scratch Salver won by Howard Holliday and the Secretary's Dirk, which is contested for triennially, at away matches, won by Jonny Cox.

Next years competition is at Willesley Park once again and is likely to take place on 4th September 2026, the first Friday in September. Any medics who are members or associate members of the Society in Derby or Burton and who play golf, to whatever standard but with a handicap, are welcome to join us.
